STATEMENT BY PUBLISHER.

To the People of Mena and Patrons of the Directory:

When the work of compiling the Mena Directory was begun by Mr. O. F. Mourton it was confidently expected that the work would not only be complete, but accurate almost to the last degree of detail.

Unfortunately Mr. Mourton was called away before the task was finally completed, and the data that had been secured was then turned over to The Star.

Much work had been done—too much, it seemed, to be totally lost—and especially in view of the need of a City Directory in Mena. The matter was, for this reason, taken up by The Star, checked so far as could be done without an actual house-to-house canvass, and the result is given herewith. In it will doubtless be found some errors and omissions which, under the circumstances, could scarce be avoided. The Star feels sure, however, the Directory will serve a useful purpose and trusts that at some not too distant time a more perfect directory may be produced.

THE MENA STAR.

Mena, Ark., August 1, 1919.

STREET DIRECTORY.

House numbers are reckoned as east or west according to whether they run east or west from First and South Second streets. They are north or south according to whether they run north or south from Magnolia and Southerland avenues.

In this description of the streets, the central and oldest part of the corporation is for convenience called "Old Town." It is a rectangle of 340 acres, and lies diamondwise to the points of the compass. Its corners therefore run north and south and east and west. The avenues parallel the railroad and run from southwest to northeast. The streets cross the avenues at a right angle. The railroad track is bordered by Sherwood on the northwest and Pickering on the southeast, each of these avenues having buildings on one side only. Between Eighth and Eleventh street is hornbeck avenue, which preserves the original direction of Sherwood, the railroad curving southward in the part of Old Town. Going northwest from the railroad, the avenues, successively, are Janssen, Maple, Port Arthur, Church, Hickory, Walnut and Magnolia, the last named lying on the border of Old Town. Going southeast, the avenues, successively, are Martin, Gillham, Oak, Holly and Pine, the last named lying on the opposite border of the Old Town. Beginning on the northeast border of Old Town and going southwest to the other border, the streets are First, Second, Third, Fourth, Mena, DeQueen, Seventh, Eighth, Ninth, Tenth and Eleventh.

In the following instances the above named streets and avenues run outside the limits of Old Town:

Church: West from Eleventh to Reine.

DeQueen: Southeast from Pine to Bagley.

Eighth: Northwest and west from Magnolia to North Twelfth.

The grades given are those existing prior to the close of the last term of school. In the High School, (Sn) stands for Senior, (J) for Junior, (S) for Sophomore and (F) for Freshman. In the Central and Southside Schools the grades are indicated by the actual numbers of each grade.

NOTE:—In addition to the above it was found that there were approximately 188 children of school age in Mena who were not enrolled as attending the schools. The names and addresses are not considered essential to this directory, but can be had by any properly interested parties by request to The Star.

Ford

THE UNIVERSAL CAR

Remember that when you bring your Ford car to us for mechanical attention that you get the genuine Ford service—materials, experienced workmen and Ford factory prices. Your Ford is too useful, too valuable to take chances with poor mechanics, with equally poor quality materials. Bring it to us and save both time and money. We are authorized Ford dealers, trusted by the Ford Motor Company to look after the wants of Ford owners—that's the assurance we offer.
